2017

Ethics, Society, Religion

5 credits	30.0 h	Q2

⚠ **This biannual learning unit is not being organized in 2017-2018 !**

Language :	French
Place of the course	Louvain-la-Neuve
Main themes	The course offers an introduction to ethical reflection on societal issues. Themes will be developed by combining conceptual work and case studies. The course will particularly focus on the impact of religious traditions on the theory and practice of life in a pluralistic and multicultural society.
Aims	At the end of this course, the student will be able: 1 - to articulate issues related to norms and values in institutional contexts; - to situate the ethical issues of social, political, economic and legal sciences; - to use the key concepts of social philosophy; - to identify the role of religions in the theories of justice and in concrete actions. - - - - *The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".*
Evaluation methods	Written work to be submitted before the session and oral examination.
Teaching methods	Formal lectures; debates and interactions on the Moodle site.
Content	The course provides an introduction to the ethical issues of building and destabilizing social ties and explores the roles of religions, especially Christianity, in discussing norms and values in interaction networks: at informal levels , institutional, media, etc. This critical path will allow a better understanding of the transformations of the concept of 'social justice'.
Bibliography	Des documents seront accessibles sur le site Moodle.
Other infos	without object
Faculty or entity in charge	TEBI
