Other infos	The place of internship as well as an internship supervisor will be suggested by the student and must be approved by the academic supervisor. A convention will be signed by all parties at the onset of the internship. The theme and activities must be agreed upon by the academic supervisor. This activity must be distinct from the master thesis and any other course activity. An internship is four weeks long or more. It must take place in the offices of the hosting institution. The student will keep the academic supervisor informed of progress and conditions encountered during the internship.
