Latin Language IV

In view of the health context linked to the spread of the coronavirus, the methods of organisation and evaluation of the learning units could be adapted in different situations; these possible new methods have been - or will be - communicated by the teachers to the students.

5 credits	30.0 h + 15.0 h	Q2

Teacher(s)	Isebaert Lambert ;
Language :	French
Place of the course	Louvain-la-Neuve
Main themes	Advanced study of the Latin grammar, prosody and metrics. This course deals with following issues: 1. In depth study of Latin prosody and verse metres; 2. Fundamental structures of Latin syntax (especially the detailed study of relative clauses); 3. Personal analysis and translation of a Latin poetical text (cursory reading). The exercises are devoted to prose composition and translation from Latin.
Aims	1 At the end of the course, the student will have a thorough understanding of the principles and the methods of the syntactical description of Latin. He will be able to translate from French into Latin at an advanced level, as well as translate and analyse Latin poetical texts. In order to achieve this goal, he will have mastered the fundamental rules of Latin prosody and metrics (including reading poetical texts with the metrical diction). - - - - *The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".*
