

In view of the health context linked to the spread of the coronavirus, the methods of organisation and evaluation of the learning units could be adapted in different situations; these possible new methods have been - or will be - communicated by the teachers to the students.

5 credits

15.0 h

Q2

Teacher(s)	Bieliavsky Pierre ;Dos Santos Santana Forte Vaz Pedro ;
Language :	French
Place of the course	Louvain-la-Neuve
Aims	<i>The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".</i>
Evaluation methods	Due to the COVID-19 crisis, the information in this section is particularly likely to change. Evaluation of competences is based on two successive oral presentations. The first talk will be given in front of the course colleagues and will last 20 minutes. The second one will be public and will last 40 minutes.
Content	The aim of the course is to develop competences regarding oral scientific communications. The students will work individually on a proposed subject or on a subject of their choice (subject to approval).
