

In view of the health context linked to the spread of the coronavirus, the methods of organisation and evaluation of the learning units could be adapted in different situations; these possible new methods have been - or will be - communicated by the teachers to the students.

7 credits	22.5 h + 15.0 h	Q2
-----------	-----------------	----

Teacher(s)	Marquet Jacques ;Mouton Bénédicte ;Wauthier Pierre-Yves (compensates Marquet Jacques) ;
Language :	French
Place of the course	Louvain-la-Neuve
Aims	<i>The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".</i>
Evaluation methods	<b>Due to the COVID-19 crisis, the information in this section is particularly likely to change.</b> Presence and active participation during the seminar sessions. Examination and/or final work on the critical analysis of one or more 'cases' comparable to those examined.
Teaching methods	<b>Due to the COVID-19 crisis, the information in this section is particularly likely to change.</b> Presentations introducing technical supplements, setting out the cases, summarizing the debates. Individual and group exercises and debates.
Content	The seminar covers all the techniques studied in the prerequisite course, including quantitative methods. It examines particular applications of these methods in reports, articles or dissertations under all the angles covered in the prerequisite course.
Inline resources	Moodle website of the seminar
