<p>Other infos</p>	<p>Further information : evaluation, prerequisite, evaluation procedures, support,'. The evaluation will consist in two parts : o A collective and multidisciplinary job o An individual task o The collective task written by groups of 4 students of different faculties includes a description part (presentation of the school establishment/institution) and a reflexion part starting from a theme in connection with the analyses and questions dealt with in the lectures (emphasizing the stakes, the organizational institutional and social implications of the strategies, etc' o The individual task consists for each student in reading again the written group task in order to think about what he/she would do and according to which values. This way of working allows the student to think about the elaboration of a teaching deontology in order to make up his/her own professional ethics. o The students will have a portfolio at their disposal. The given references where to get information will allow the future teachers to update it. o The structuring of the different parts (lectures, observation training and seminar) implies an active participation to the complete set. Moreover the analysis task written by a multi-disciplinary team during the seminar requires the effective attendance of each of the students. This attendance is a prerequisite for the final evaluation Other elements of the specifications : supervision/management, means' The activity lecture - seminar will be dealt with / given by multidisciplinary team of teachers. The seminars follow the lectures and are organised in afternoons of days. Field actors will attend. This activity will happen three times, the student will have the possibility to follow it during the first or second quarter.</p>
