Teacher(s)	Balligand Jean-Luc (coordinator) ;Beuloye Christophe ;Pierreux Christophe ;
Language :	French
Place of the course	Bruxelles Woluwe
Prerequisites	<i>The prerequisite(s) for this Teaching Unit (Unité d'enseignement – UE) for the programmes/courses that offer this Teaching Unit are specified at the end of this sheet.</i>
Aims	<i>The contribution of this Teaching Unit to the development and command of the skills and learning outcomes of the programme(s) can be accessed at the end of this sheet, in the section entitled "Programmes/courses offering this Teaching Unit".</i>
Evaluation methods	Due to the COVID-19 crisis, the information in this section is particularly likely to change. For the evaluation, the student will be invited to take a written examination comprising "questions with open and short answers" and/or "multiple choice questions" on each of the 3 parts covered by the 3 lecturers/professors. Each part will be separately corrected by the professor who taught that part. In the context of "questions with open and short answers" and/or "multiple choice questions", including questions answered by "true" or "false", negative quotation will not be used. By negative quotation, it is meant the operation of subtraction of 1 point or a fraction of 1 point for a false answer or the absence of an answer. However, the student who failed in one (or more) of the 3 parts of the evaluation (as described above) will be penalized on the global mark, by a negative penalty to be collegially decided by the 3 professors. For the academic year 2020-2021: depending on the COVID19 situation, the evaluation may be organized remotely (i.e.digitally), according to the same modalities as described above.
