Q1

Teacher(s)	Bernard Diane ;
Language :	French
Place of the course	Bruxelles Saint-Louis
Learning outcomes	<p>At the end of this learning unit, the student is able to :</p> <p>The general aim of this course is for students to acquire the ability to theorise the legal phenomenon.</p> <p>At the end of this course, students should</p> <ul style="list-style-type: none"> - understand the specificity and relevance of legal theory ; - master the theses relating to the issues studied ; - have developed a critical aptitude towards the law as it is constructed and implemented ; - be able to build a theoretical development on various aspects of the legal phenomenon.
Evaluation methods	<p>Written exam.</p> <p>The evaluation criteria include your knowledge of the course content as well as the quality of your legal and critical reasoning.</p>
Teaching methods	<p>The course is given ex cathedra, in a large classroom.</p> <p>Reference material will be available on moodle, but note-taking is strongly recommended.</p>
Content	<p>The course offers a reflection on contemporary law or, more precisely, a theorisation, in the sense of a problematisation, of the methods and foundations of law.</p> <p>In order to develop your critical faculties as well as your knowledge of the various currents and main concepts of legal theory, this course draws on the knowledge acquired in your courses in positive law, philosophy, and the humanities.</p> <p>It is therefore a crossroads course that aims to promote the interdisciplinarity that characterises the Bachelor of Laws programme.</p>
Bibliography	Voy. documents disponibles sur moodle.
Other infos	As the course is intended for both regular and evening audiences, it takes place at the end of the day.
Faculty or entity in charge	DRTB
