Learning outcomes	
Evaluation methods	<p>The final assessment in the <b>June term</b> will be based on:</p> <ul style="list-style-type: none"> <li>- a continuous assessment (<b>10%</b> of the total): active participation in class in Q1 and active collaboration with the supervisor(s) of the research project</li> <li>- an oral presentation during Q2 on the research conducted (<b>30%</b> of the total)</li> <li>- a written research report, submitted by the first day of the June session (<b>60%</b> of the total)</li> </ul> <p>In the <b>August/September session</b>, the evaluation will be based on:</p> <ul style="list-style-type: none"> <li>- the oral presentation (<b>40%</b>) which in this session takes the form of a commented PPT (with voice-over) and is submitted before or at the same time as the written research report</li> <li>- the written research report (<b>60%</b>), submitted no later than the first day of the August/September session</li> </ul> <p>With regard to the written research paper, we emphasize that generative artificial intelligence (AI) must be used responsibly and in accordance with the practices of academic and scientific integrity.</p>
Teaching methods	<p>Mixed approach consisting of presentations by the lecturers and/or invited researchers and the preparation of a written assignment on a specific research topic in linguistics.</p> <p>A first part of the seminar will be provided in English. It will consist of a presentation of the theme of the seminar and the different methodologies that can be used to study a specific linguistic phenomenon.</p> <p>In the remaining hours, provided in the language of specialty (French, English, Dutch, German, Spanish, Italian), the students will develop a research project (with oral presentation and written research report), which will be accompanied by one or more teachers of the language and / or area of specialty.</p>
Content	The content will be updated every two years according to the ongoing research projects in linguistics in the team of lecturers.
Inline resources	Course documents and reading portfolio available on the Moodle platform
Faculty or entity in charge	ELAL
