

Teacher(s)	Janssen Frank ;
Language :	English
Place of the course	Louvain-la-Neuve
Prerequisites	Ideally in terms of competencies
Main themes	The international importance of entrepreneurial ventures has been recognized since the 1980s. Moreover, worldwide changes in economies have created new opportunities for entrepreneurial initiatives. Entrepreneurs are today seen as the drivers of the market economy and their activities provide wealth, jobs and social change. The purpose of this course is to introduce students to the specificities of entrepreneurial ventures and to help them understand how these firms are created and managed. Its purpose is also to introduce them to the specificities of the international aspects of entrepreneurship.

Evaluation methods	<p>This course will be assessed through an international entrepreneurial project undertaken by teams of students (max 4 students per group). Those projects can either elaborate on a totally new business opportunity or explore a new opportunity for an existing start-up. Students will be asked to imagine an international opportunity, to develop a plan of action to exploit it, and to test key hypotheses.</p> <p>The students are expected to deliver three outputs:</p> <ol style="list-style-type: none"> 1. Continued evaluation: course participation (10%) - in class case studies (40%) 2. Oral presentation of the group project (25%) 3. Written work on the group project (25%)
Teaching methods	<p>This course is based on an active project-based learning approach. It involves getting students (in teams) to develop a real-life project, which is nurtured by the learning of new concepts and methods from peers, the teacher, experts and guest speakers. This active pedagogy requires a constant and active presence in class.</p>
Content	<p>In this course, students will learn to deal with new business opportunities. By developing an international real-life project, they will be able to identify the involved stakeholders, as well as determine their own role as entrepreneurs. As such, the course provides students with the opportunity to develop entrepreneurial competencies.</p> <p>The purpose of this course is to introduce students to the specificities of the entrepreneurial process and to help them understand how entrepreneurial projects are created and managed, especially in an international setting. It is organized around the following topics:</p> <ul style="list-style-type: none"> - Basics of Entrepreneurship; - International importance of entrepreneurship - The entrepreneur - Specifics of international entrepreneurial organizations - Business Planning.
