

6.00 credits

45.0 h + 15.0 h

Q2

Teacher(s)	Nils Frédéric ;
Language :	French
Place of the course	Louvain-la-Neuve
Learning outcomes	
Evaluation methods	The evaluation will consist of individual work (8/20), participation to a research project (4/20) and a written examination with two questions requiring further development (8/20). International students taking the course are provided the opportunity to write their individual work and their examen in English.
Teaching methods	Interactive lectures, illustrations, case studies, practical work.
Content	<p>The course consists of three parts.</p> <p>The first of these is based on most of the current theoretical models in the field of educational and vocational guidance.</p> <p>The second part of the course consists of a presentation of the techniques most commonly used in counselling or guidance education practice.</p> <p>The third part of the course is devoted to the application of the first two parts in concrete "lifelong" guidance issues: guidance in compulsory education, choice of higher education, finding a first job and reorientation during a career.</p>
Inline resources	Slideshows used during classes and reading portfolio available on moodle
Faculty or entity in charge	EPSY
