For the UE to be validated, a score of 10/20 or more must be reached at the end of the year for the total of the two quadrimestres. Moreover, to be validated, the student <b>must sit all parts of the exams: written and oral exams</b>; if there is a 0A at one part, it can lead to 0A at the total of the UE.</p> <p>If the student fails to reach 10/20 in Q1, he or she cannot be re-examined in May, only in August.</p> <p>The Q1 exam takes place before in December the regular exam session and includes a written part (50 points) and an oral part (30 points).</p> <p>The Q2 exam takes place in May before the regular exam session and includes an oral part (presentation and discussions for 20 points, oral exam for 40 points) and a written part (60 points).</p> <p>In August/September, the grade of the parts of the course in which students scored 10/20 or higher during the academic year is transferred to the August/September session. The student should specify whether the AI was used to search for information, to write the text, or to improve or correct it. The student should also mention which AI (or other online tool) was used (ChatGPT, Bing, Bard, Chatsonic, DeepL, etc.) and the date on which it was used. Information sources must be systematically cited in accordance with bibliographic referencing standards. The student remains responsible for the content of their work, regardless of the sources used.</p> <p>In order to ensure that the student's written work is personal, criteria such as originality, critical thinking, creativity and illustration with examples (e.g. from their own experience) will be taken into account.</p> <p>Any behavior on the part of the student that prevents or attempts to prevent, in whole or in part, the correct assessment of their knowledge, skills and/or competences will be considered an irregularity that may lead to sanctions.</p> <p>See the University Charter 'Commitment to Integrity' posted in the syllabus.</p>
