

The version you're consulting is not final. This course description may change. The final version will be published on 1st June.

5.00 credits

0 h + 60.0 h

Q1

Language :	French
Place of the course	Louvain-la-Neuve
Main themes	<p>The activities undertaken to meet these objectives will be diversified and will allow the development of the body schema and the experimentation/evaluation of fundamental socio-psycho-motor actions of the disciplines covered later in the course:</p> <ul style="list-style-type: none"> o Development of proprioception, laterality, rhythm, agility, etc. o Manipulate and control the ball (different balls) with the different parts of the body in an individual situation, then with a partner and/or against an opponent (guard, protect the ball); o Catch, throw, pass, push, dribble, etc., the ball with a partner and/or against an opponent, o Correctly perceive the trajectory of the ball, adapt your movement to position yourself adequately to intervene (catching the ball, deflecting it, etc.). o Work on strength and flexibility by emphasizing the quality of movements/postures (execution, positioning, rhythm). o Development of endurance through running training on varied terrain.
Learning outcomes	
Evaluation methods	<p>Assessment: Continuous and/or final assessment, assessing the ability to observe and reproduce movement in various sporting situations as well as general and basic physical fitness.</p> <p>A minimum pass in all 4 parts of the course is essential to demonstrate the skills and knowledge defined in the learning outcomes of the teaching unit.</p> <p>A mark of 7/20 or less for any part of the course will result in a failing grade for the whole course.</p> <p>When all parts have a mark of 8/20 or higher, the final mark corresponds to the arithmetic average of the 4 parts.</p> <p>The final mark will be weighted by the attendance rate.</p> <p>Supervision: Teacher(s), teaching advisor(s), assistant(s)</p>
Teaching methods	The courses will be given in the sports hall or outdoors, depending on the theme and objectives of the course.
Content	<p>The course is exclusively practical and is given for 4 hours a week over a four-month period.</p> <p>It is divided into 4 modules designed to work on the basic motor skills needed to practise the sports taught later in the physical education curriculum.</p> <p>Module 1: Development of the body schema through socio-psychomotor actions</p> <p>Module 2: Development of ball handling skills with/without partners/adversaries</p> <p>Module 3: Developing endurance qualities</p> <p>Module 4: Developing strength training</p>
