Climbing

5.00 credits	0 h + 30.0 h	Q1

This learning unit is not being organized during this academic year.

Language :	French
Place of the course	Louvain-la-Neuve
Prerequisites	*The prerequisite(s) for this Teaching Unit (Unité d'enseignement – UE) for the programmes/courses that offer this Teaching Unit are specified at the end of this sheet.*
Main themes	This course is based on the content defined in the CATAGSAE course and the Practical Teaching Unit UEP CS1.4.4 for SAE instructors: Safety and methodological content (learning progression) and didactic content (games and playful situations and challenging oneself).
Learning outcomes	**At the end of this learning unit, the student is able to :** · Put on equipment, rope up and manage the safety of the roped party · Suggest appropriate teaching situations to manage the learning of basic safety techniques in SAEs · Recognise and detect critical unsafe situations · Manage the emotional level required for this activity · Manage basic technical situations safely · Intervene to resolve dangerous situations. · Demonstrate a sufficient level of performance and ease in climbing (Difficulty level 5A). · Master a few knots useful in the defined field of competence. · Lead an introductory session on an SAE using the fun and technical scenarios proposed during the course. · Manage personal protective equipment
Other infos	This course is strictly reserved for FSM students. It is not open to other UCLouvain students.
Faculty or entity in charge	FSM
