

The version you're consulting is not final. This course description may change. The final version will be published on 1st June.

5.00 credits	30.0 h	Q2
--------------	--------	----

This learning unit is not open to incoming exchange students!

Teacher(s)	Rosoux Valérie ;
Language :	English
Place of the course	Louvain-la-Neuve
Learning outcomes	
Evaluation methods	The whole pedagogy is based on active interactions with students. Besides the regular course and the simulations, lectures will be organized with practitioners and/or scholars. AI may not be used to write the assignment (except to check spelling and grammar).
Teaching methods	Written assignment on a specific case study Participation throughout the course and in the simulations/role plays
Content	<ul style="list-style-type: none"> • Introduction : Concepts and main post-conflict dilemmas • Theoretical approaches to reconciliation: structural, psycho-social, spiritual approaches. • Key issues : truth, justice, forgiveness • Case studies • Teaching Methodology: Focus on theoretical and practical dimensions of reconciliation. The understanding of the most significant variables that determine the scope of the process results from the analysis of a concrete case study and the participation in simulations and role plays.
Inline resources	Pedagogical path on Moodle
Bibliography	Specific readings mentioned on Moodle at each stage of the course.
Faculty or entity in charge	PSAD
