	Translate in a professional manner, and with the aid of the most appropriate computer-assisted translation (CAT) tools, a text pertaining to the EU.
Evaluation methods	Regular assessment. End-of-term written examination in the working conditions of a professional translator's workstation.
Teaching methods	In-situ training in specialized translation in the working conditions of a professional translator's workstation. The student will have to fulfil the different preliminary stages as a professional translator and work within prescribed time, using CAT if necessary.
Content	The TU LTRAD2665 aims at developing the necessary skills to translate at a high level of competence from Russian into French texts dealing with European matters, relations between the EU or the European space and Russia. It will enable the student to acquire terminological units, to use relevant documentation both in Russian and in French and to develop a thorough comprehension of the underlying interests at stake in the relations between Europe and Russia.
