Q2

This biannual learning is being organized in 2026-2027

Teacher(s)	Béthume Sarah ;Mathys Audrey ;
Language :	French
Place of the course	Louvain-la-Neuve
Prerequisites	LGLOR1321 et LGLOR1322, or equivalent level
Main themes	In-depth study of specific issues in the synchronic or diachronic linguistics of Greek. The teacher will choose to deal with one or more themes relating to the synchronic functioning and history of the Greek language, in connection with current linguistic research.
Learning outcomes	At the end of this learning unit, the student is able to : 1 develop linguistic reflection on questions and issues related to the Greek language.
Evaluation methods	1. Regular tests during practical work sessions (20 % of the final grade). In the event of failure, the student is required to sit a complementary test (translation from Greek into French) during the September session. 2. Oral presentation in class (20 % of the final grade). In the event of failure, a written paper due before the beginning of the September session. 3. Written examination assessing theoretical knowledge (30 % of the final grade) in June. In the event of failure, the student must retake the exam in September. 4. Oral examination assessing the mastery of cursive reading (30 % of the final grade). In the event of failure, the student must retake the examination in September. Generative AI must be used responsibly, respecting academic and scientific integrity. Since scientific integrity requires referencing one's sources, the use of an IA must always be indicated. The use of AI for tasks for which they are explicitly forbidden will be considered cheating.
Teaching methods	Lectures (possibly combined with presentations by the students).
Content	The course deals with one or more specific questions concerning Greek synchronic or diachronic linguistics (phonetics, accentuation, morphology, syntax). The course content varies from year to year depending on the topics covered. In parallel, students will read independently one or two Greek texts (cursive readings)
Inline resources	Course materials and electronic resources are available on Moodle.
Bibliography	La bibliographie est signalée au cours et est en partie disponible sur Moodle.
