

5.00 credits

15.0 h

Q1

Language :	French
Place of the course	Louvain-la-Neuve
Learning outcomes	
Evaluation methods	Students must submit an observation report detailing the diversity of teaching practices, as well as the continuities and discontinuities in learning observed in elementary and middle school. The observations made will also enable students to reflect on their professional identity and development as future high school teachers. An oral presentation will be held during the exam session.
Teaching methods	The course is taught on-campus and is designed around a collaborative learning approach.
Inline resources	The documents will be uploaded to the platform
Faculty or entity in charge	SC
