Q1

Language :	Deutsch
Place of the course	Louvain-la-Neuve
Prerequisites	B2 level of listening and reading, B2 level of speaking (Common European Framework of Reference)
Main themes	This course introduces the general principles of communication particularly the linguistic, sociolinguistic, pragmatic and cultural aspects of interaction. Special attention will be paid to specific characteristics of communication in the German-speaking world. This general introduction will be followed by a detailed presentation of techniques which should be implemented in communication activities specific to a company. These techniques will be analysed on the basis of conversation analysis: typology, conversation situations, conversation structure (macro- and micro-structures), phonology, 'Exercises accompanying the course will allow students to simulate active participation in a variety of situations. The students' simulations will be recorded and subsequently analysed in detail.
