Q2

This biannual learning is being organized in 2026-2027

This learning unit is not open to incoming exchange students!

Language :	French
Place of the course	Louvain-la-Neuve
Main themes	The course covers the following: the main lines of a rational elaboration of the affirmation of God; the Christian idea of the incomprehensible and ineffable God; the Protestant criticism of "natural theology"; the different forms of the negation of God in modern atheism and the different ways in which theology discusses them.
Learning outcomes	<p>At the end of this learning unit, the student is able to :</p> <p>By the end of this course, the student should be able:</p> <p>1 to enter into the theological questions of existence and the nature of God; to elucidate the relationship between natural knowledge of God and the Christian belief in God; to counter the criticisms that modern atheism addresses to the belief in God.</p>
Content	<p>These lessons examine the different types of modern atheism and the various ways of affirming the existence of God through reason.</p> <p>1. Knowing God Reason and faith, philosophy and theology about the existence and knowledge of God. Evidence of the existence of God, knowledge of God through reason (Thomas Aquinas, Martin Luther), knowledge through faith. Historical perspective of the problem in the modern period: atheisms (typology), secularisms (C. Taylor).</p> <p>2. Current issues Bibliographical actuality of the problem of the affirmation and negation of God by reason. Can a society remain humanistic outside the affirmation of a transcendent exteriority?</p>
