FIAL3CE Detailed programme

Programme by subject

The research placement takes place under the responsibility of a co-supervisor or an adviser who is a tenured member of the academic or research staff, who is the contact person for the doctoral student's home institution.

Apart from particular cases specially approved by the Faculty, the total length of the visit(s) made by the doctoral student to UCL may not be less than 6 months and may not extend to more than 4 years.

The programme's courses and learning outcomes

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the competences expected of every graduate on completion of the programme. You can see the contribution of each teaching unit to the programme's reference framework of learning outcomes in the document "*In which teaching units are the competences and learning outcomes in the programme's reference framework developed and mastered by the student?*"

The document is available by clicking [this link](#) after being authenticated with UCL account.
