Introduction

FIAL3CE - Teaching profile

FIAL3CE Detailed programme

Programme by subject

The research placement takes place under the responsibility of a co-supervisor or an adviser who is a tenured member of the academic or research staff, who is the contact person for the doctoral student's home institution.

Apart from particular cases specially approved by the Faculty, the total length of the visit(s) made by the doctoral student to UCL may not be less than 6 months and may not extend to more than 4 years.

The programme's courses and learning outcomes

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the competences expected of every graduate on completion of the programme. You can see the contribution of each teaching unit to the programme's reference framework of learning outcomes in the document "*In which teaching units are the competences and learning outcomes in the programme's reference framework developed and mastered by the student?*"

The document is available by clicking [this link](#) after being authenticated with your UCLouvain account.

FIAL3CE - Information

Access Requirements

Specific Admission Requirements

This certificate is designed for students principally enrolled in a 3rd cycle programme in a foreign university and who, in the context of this programme, are making one or more research visits and/or doing complementary training at UCL.

Evaluation

The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".
