THE PROGRAMME'S COURSES AND LEARNING OUTCOMES

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.

MINSOCA - Information

Teaching method

Les cours magistraux visent à transmettre une matière tandis que les séminaires et travaux pratiques requièrent une participation active de l'étudiant. Le programme de la mineure combine de manière évolutive ces deux modes d'enseignement. Il s'agit d'acquérir les connaissances de base et les concepts de la sociologie et de l'anthropologie à la fois à travers les cours, les lectures et les travaux personnels.

Evaluation

The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

L'évaluation formative se réalise de manière continue au travers d'exercices et de travaux personnels.

L'évaluation certificative prend la forme d'examens écrits et oraux.

Possible trainings at the end of the programme

- Direct access to the Master's in sociology or to the Master's in anthropology for bachelors in political science or human science.

- Access under conditions for other bachelors (with the consent of the person in charge of the program) : consideration will be given to all of the courses the student has followed for his/her baccalaureate and, in the event of him/her not having taken some courses, they will be added to the Master's in sociology or the master's in anthropology program (maximum 15 credits).
