

OpenHub

Garage for Innovators

WHAT WE OFFER : SERVICES & EXPERTISE

- We turn ideas into concrete solutions, tested and validated!

Expertise

- IoT (Internet of Things)
- Artificial Intelligence (AI)
- Mechanical manufacturing
- Digital fabrication
- Virtual Reality (VR)

Infrastructure

- **Fablab:** A learning and experimentation space where ideas take shape through prototyping
- **Creative Lab:** A flexible space dedicated to creativity
- **Auditorium:** A professional space fully equipped with audiovisual technology
- **XR Room:** Two immersive spaces dedicated to virtual reality (VR), augmented reality (AR), and mixed reality (MR) technologies
- **Tech Truck:** A mobile unit that makes technology accessible by bringing machines, equipment, and educational activities directly on site

Services

- **Ideation**
Design Thinking, co-creation, scenario exploration, etc
- **Support**
Understanding technical choices, upskilling on tools, and developing the ability to independently manage and operate the solution
- **Development**
An approach focused on the Minimum Viable Product (MVP) or the Minimal Testable Product (MTP)
