C I S M

Center for High Performance Computing and Mass Storage

WHAT WE OFFER : infrastructures, services and expertise

- **Access to on-site and off-site scientific computing clusters and data storage systems**
- **Training and guidance on all aspects related to scientific computing and data storage**
- **Consultancy and expertise in scientific computing**

Computing Solutions
- High Performance CPUs
- Large amount of CPUs
- Large memories
- Ultra-fast networks
- GPUs

Mass Storage
- Multi-TB data storage
- Data sharing
- Archiving and long term storage
- Open Data solutions

Support/Coaching
- Group-tailored training
- Specific documentation
- Individual guidance, face to face or online

Consulting Services
- Hardware acquisition
- Infrastructure management
- Scientific software installation

Training Courses
- Linux-Unix
- Languages
- Compilers
- Code optimization
- Parallel computing
