

# Emergency????

## What is an emergency at UCLouvain?

It can be a malaise, a physical accident, a suspicious object, inappropriate behaviour, aggression, explosion, fire, intrusion, ...

An emergency is an unforeseen incident for which -and/or-:

- emergency means must be called upon;
- which involves damaging consequences for both persons and property;
- which occurs within the scope of activity of the UCLouvain (activity/infrastructure).

## What to do?

Keep calm and call :

At LLN and Woluwe:	On the other sites:
<div data-bbox="510 554 846 722"><p>Urgence – Emergency (0)010 47 22 22</p></div> <p>Calling this number is essential for:</p> <ul style="list-style-type: none"><li>- alerting the emergency services (police, ambulances, fire department);</li><li>- taking internal measures while waiting for the arrival of the emergency services (possible evacuation of the building, alerting the first-aid workers, first-response team members, specialized personnel);</li><li>- initiating the internal reaction chain via the UCLouvain manager in the field.</li></ul>	<div data-bbox="1155 554 1491 722"><p>Urgence – Emergency (0)112 <small>ensuite / and after</small> (0)010 47 22 22</p></div>

## What to say?

**Who?** Your name and phone number

**What?** The nature and extent of the incident, the number of victims and their condition

**Where?** The building, the floor, the room number, the Parking area, the landmarks, ...

## What next?

Send people to the different entrances of the building to guide the rescue team.

Call back on 7 22 22/112 if the situation worsens!
