

Workshop

Pain modulations, empirical updates

Wednesday October 16, Auditorium Maisin
Avenue Mounier 51, Woluwé-Saint-Lambert

Contact: valery.legrain@uclouvain.be

13:30 – 14:15

Kirsty Bannister (King's College London, UK)

Translational research in pain: probing modulation.

14:15 – 15:00

Susanne Becker (Heinrich Heine Universität Düsseldorf, Germany)

Modulation of pain perception by learning.

15:00 – 15:45

Dimitri Van Ryckeghem (Maastricht University, The Netherlands)

Cognitive biases in pain: Did we get lost in translation?

15:00 – 15:45

Coffee Break

Starting at 16:30

Delia Della Porta (PhD public defense)

Can we ignore pain? Testing the effect of attention on mechanical hypersensitivity with an experimental approach.
