

be.h Symposium

University Foundation · Brussels 27 April 2020

Perspectives on particle physics

Program:

10:00 Morning Open Session:

- Welcome
- Guido Tonelli (CERN) :
“The H boson at the CERN LHC”
- Géraldine Servant (Hamburg) :
“The H boson and the cosmos”
- Matthew McCullough (Cambridge) :
“A view on the future of particles physics”

12:30 Lunch

14:00 Afternoon be.h Session

17:00 Conclusions

Organisation: be.h Excellence of Science Consortium

Location: University Foundation, Rue d’Egmont 11, 1000 Brussels

Registration required
